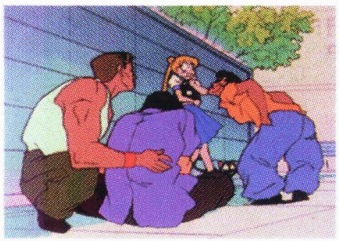
Sailor Jupiter
Hello everyone! I am Lita Kino, the Crossroads Jr. High student who transforms into Sailor Jupiter. Some people think I'm a tomboy because I'm so tall and strong, but I can also be very feminine. After reading this book, you'll know everything there is to know about me!

The Secret Origin of Sailor Jupiter

Until this happened, I didn't know that I was actually a Sailor Scout, but now I do my best for peace!

Scout Guide

Lita calmly catches an attacker's fist!



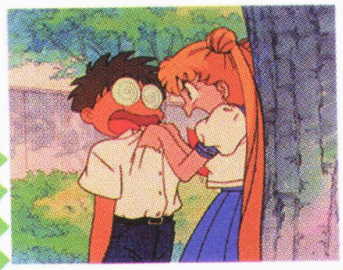
Thugs are picking on Serena on her way to school!

The mysterious girl takes out the two bad guys. She really knows how to fight!

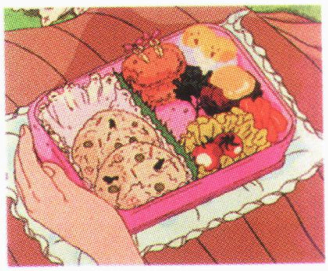
After watching the hooligans' offensive behavior, a mysterious girl jumps in to help Serena.

Sailor Jupiter – the Thunder Scout – is the new student with rose-shaped earrings.

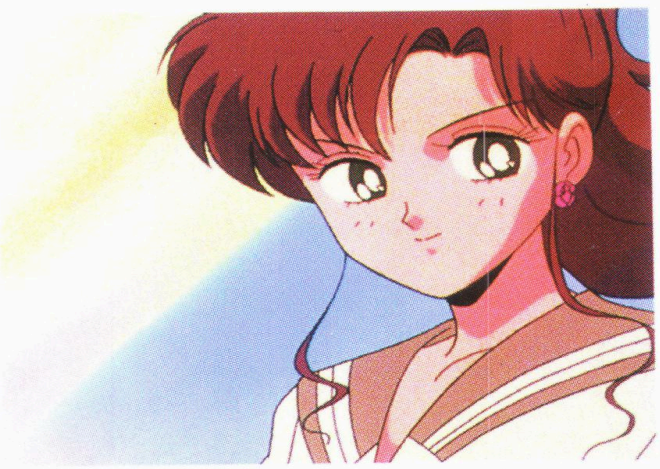
The mysterious girl who saved Serena from the bullies was Lita Kino, a new student at Crossroads Jr. High. During lunch break, Serena and Lita become fast friends. After school, the new friends visit the Crown Arcade, where they meet Joe, a.k.a. "the Crane," a master of the Crane Game. Lita immediately develops a crush on Joe and decides to follow him when he leaves. Just then, Zoicite appears and attacks Joe! Lita drives off the attack but is suspicious of Joe's strange reaction. Confirming Lita's fears, the dark powers return and transform Joe into a monster! Luna gives Lita her transformation pen, and Sailor Jupiter is revealed! With the help of Sailor Moon, Sailor Jupiter is able to return Joe to his original form.



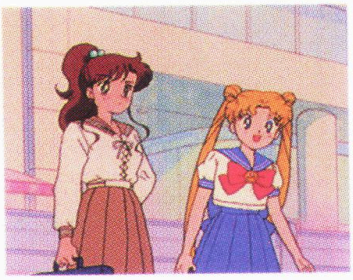
Bunny presses Melvin for any information about the new girl.



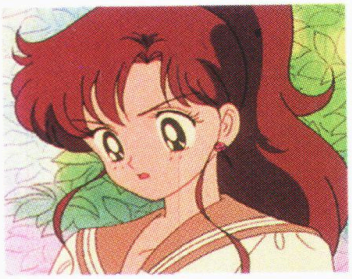
The lunch Lita brought looks delicious!



The mysterious girl walked away without revealing her name, but Serena was impressed by her rose earrings.

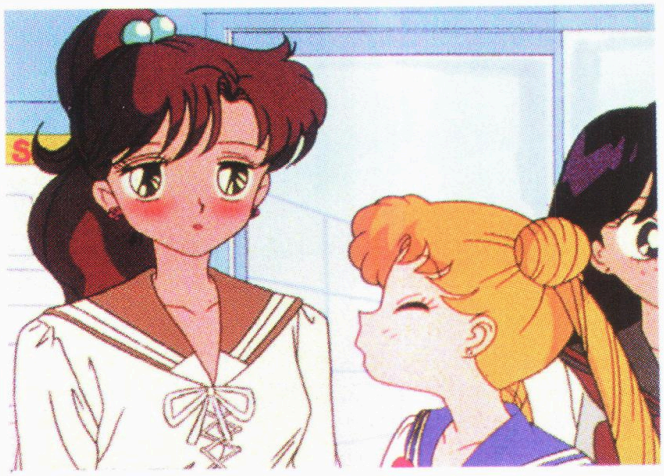


Serena and Lita drop by the video arcade after school.



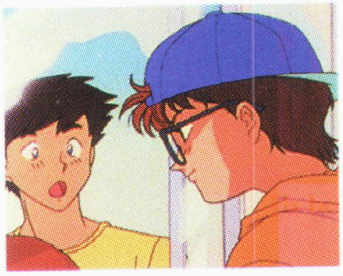
Serena was the first person at school to talk to the new girl.

Hoping for a treat, Serena talks to the new girl about her lunch.

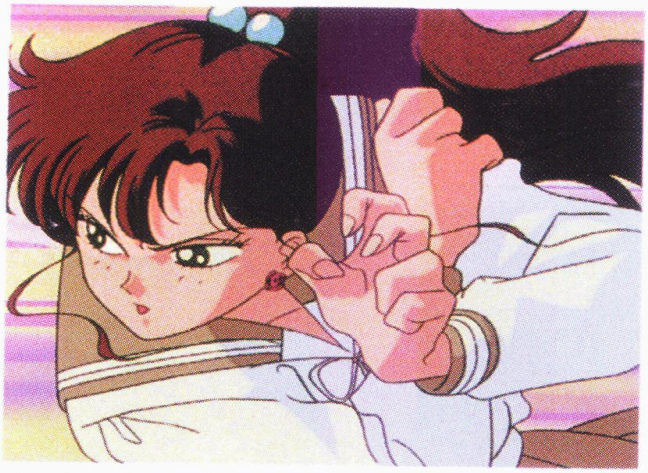


Lita's crush on Joe is painfully obvious - he reminds her of an old boyfriend.

Luna senses an underlying power from Lita.



The girls are impressed by Joe "the Crane."



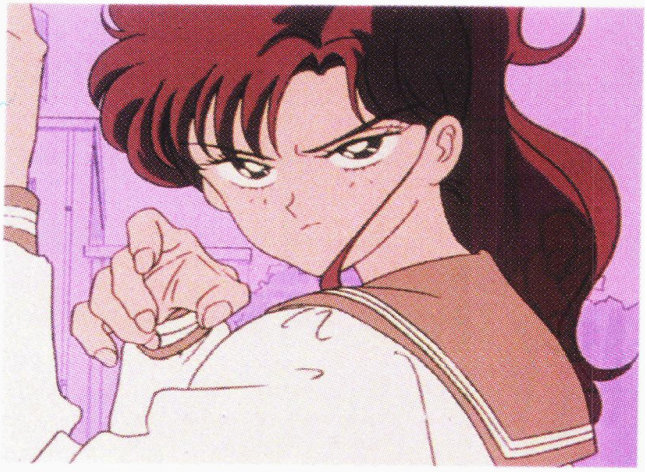
Lita bravely stands up to Zoicite empty-handed, unaware of the true nature of the danger.

Before long, Zoicite, a general of the Dark Kingdom, shows up and attacks Joe.

Lita tries to block the attack and save Joe.

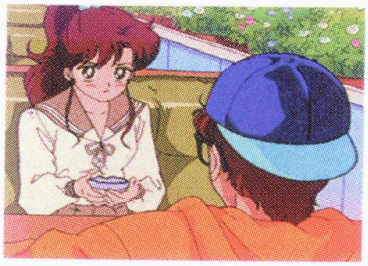
The danger is over, but something seems wrong with Joe.

Lita volunteers to be Joe's bodyguard.

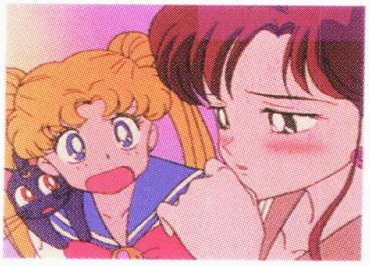


Lita uses her martial arts mastery against Zoicite. After an intense fight, she is able to drive the evil general away.

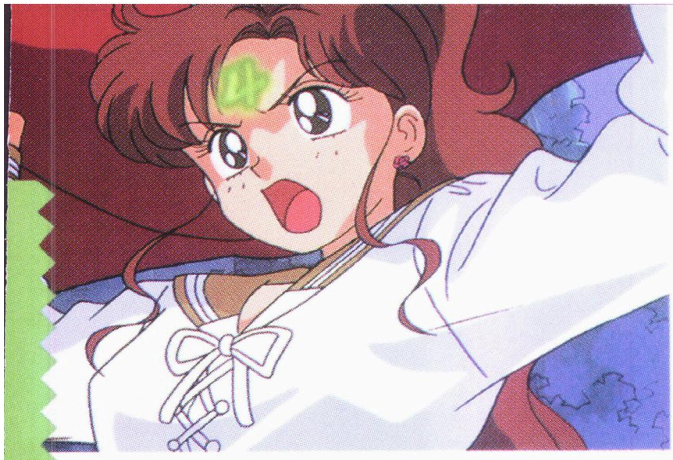
Lita is happily thinking about her love life, when Zoicite suddenly reappears.



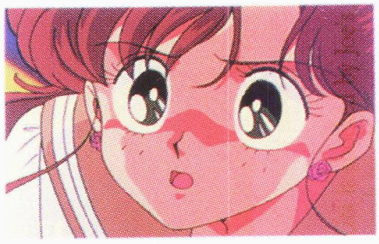
Joe tells Lita about his secret power.



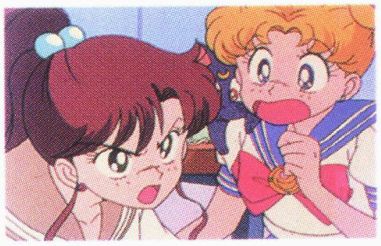
Lita is embarrassed when Joe unexpectedly asks her for a date



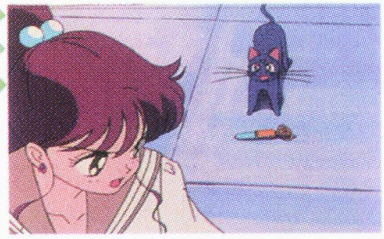
A mark appears on Lita's forehead as she battles a monster.



Lita is shocked by Joe's harsh words.

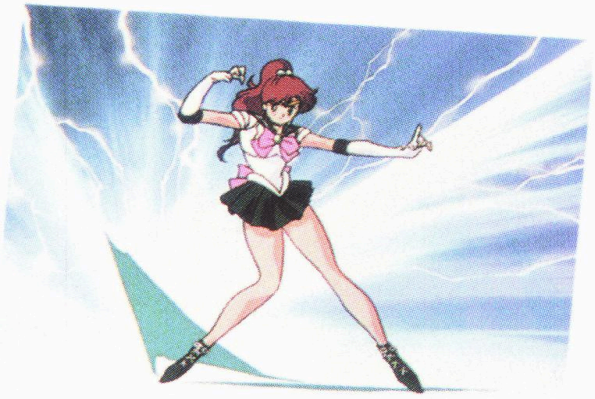


Even though she's lost a boyfriend, Lita doesn't let it get her down.

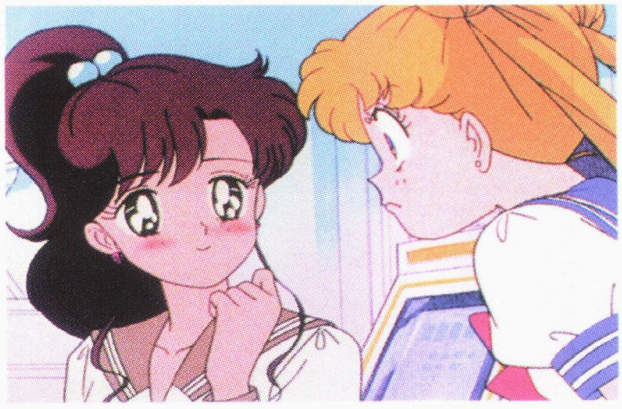


Luna gives Lita a transformation pen.

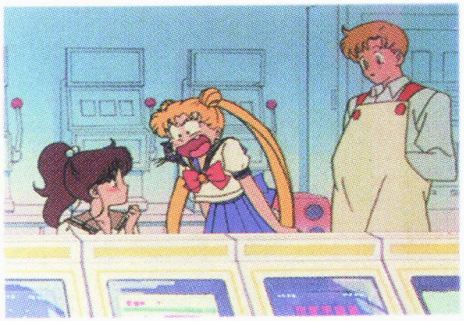
Sailor Jupiter saves the day.



Lita transforms: Sailor Jupiter, the fourth Sailor Scout, is born!



Lita soon meets Andrew and develops a crush on him, too!



Lita falls for Andrew just because his voice sounds like her old boyfriend's! Serena sighs out loud!

Sailor Jupiter Transformation Gallery: Make Up!

You want to find out how I change into Sailor Jupiter? Well, I'll let you in on my little secret!

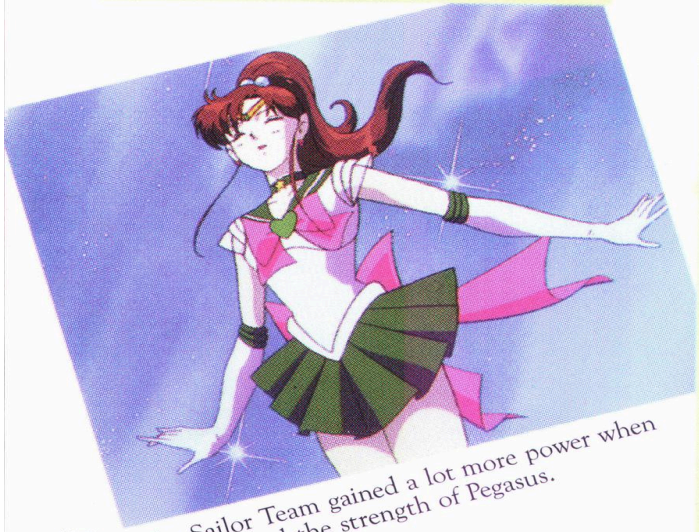
Scout Guide

Sailor Jupiter fights to protect the weak from danger. With the help of a bolt of lightning, I become the warrior guardian of Jupiter.

Jupiter Power, Make Up!

This is how I transformed for battle when Luna gave me the transformation pen.

When I transform, it's always with a bolt of thunder.

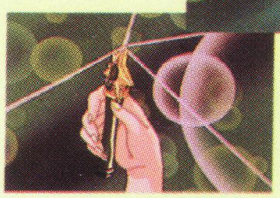


The Sailor Team gained a lot more power when they received the strength of Pegasus.

Transformation Pen

When I use the Transformation Pen Luna gave me, I become Sailor Jupiter!

The symbol of Jupiter glows to begin the Transformation.



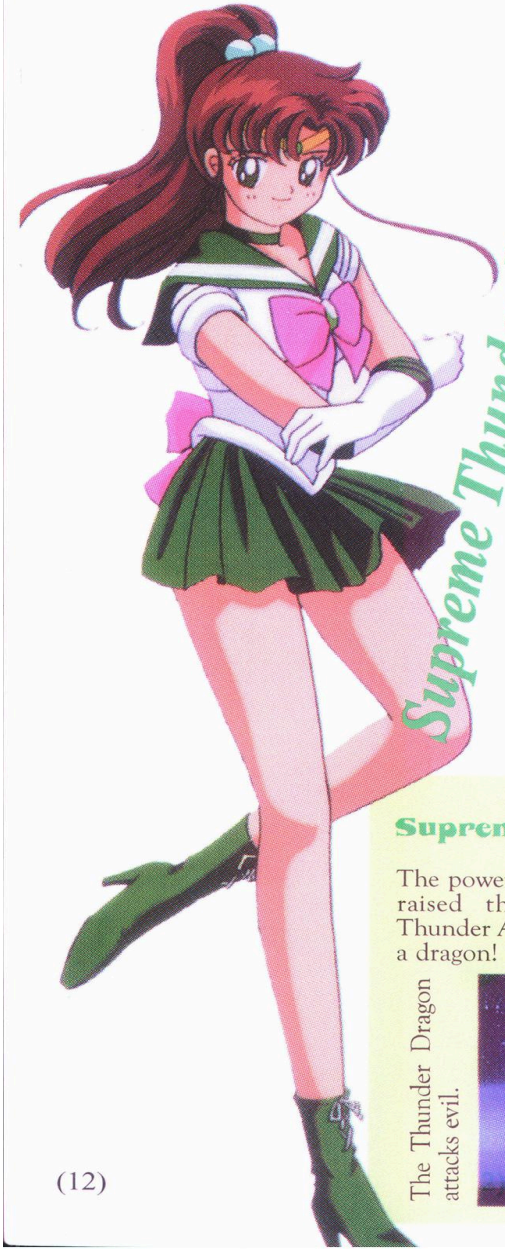
The Star Power Transformation strengthened our power.

JUPITER STAR POWER

Sailor Jupiter in Action

Sailor Jupiter fights against the evil from the Dark Kingdom. You can see her fighting moves in these scenes.

Scout Guide



Supreme Thunder Dragon

The power builds up in the lightning rod that comes out of my tiara.

Jupiter Thunder Crash an attack that throws th power of a thunderbolt an enemy. This powerf electric shockwave ha beaten the forces of ev many times! Who wan a shocking experience?

By the power of my Guardian Plane Jupiter, bring th clouds, brew th storm, Jupite Thunder Crash

Supreme Thunder Dragon

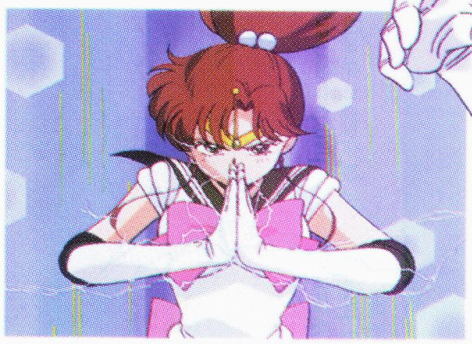
The power of my anger at the evil forces raised the power of the Supreme Thunder Attack, and it took the shape of a dragon!

The Thunder Dragon attacks evil.

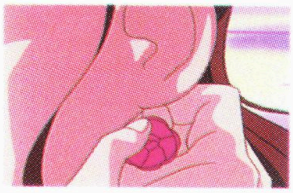
If it's used too close to an enemy, the power can backfire.

This is the powered up version of the attack. The Lightning Power builds up through my tiara and is stored in my body. It then becomes an energy ball, which I throw from my hand.

Sparkling Wide Pressure Attack



When I bring my hands together, a huge amount of electric energy is released.



Lita's rose earrings glow when she uses her power.

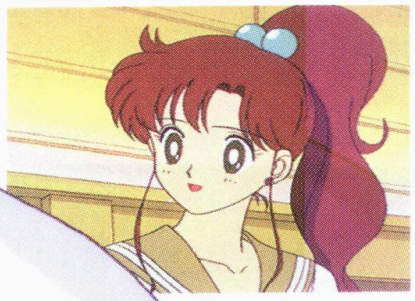
Martial Arts Kung Fu Attacks

I'm studying Chinese martial arts at a Kung Fu dojo (school). Of course, I use what I've learned when I fight evil!

Jupiter kicks Fiore.

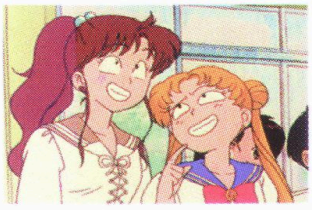
Sailor Jupiter throws a punch at Prince Darien after he is brainwashed by the Dark Kingdom.

I'm Lita Kino.

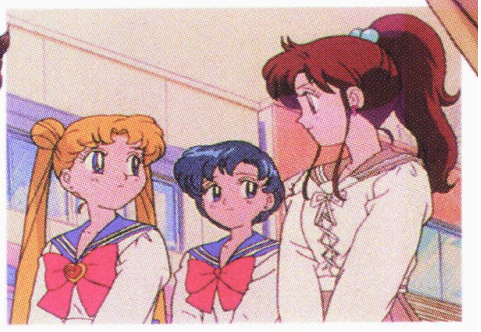


I usually wear my hair in a ponytail, tied with a green hair scrunchie.

Sometimes I stop at the arcade on the way home from school.



My grades aren't much better than Bunny's.

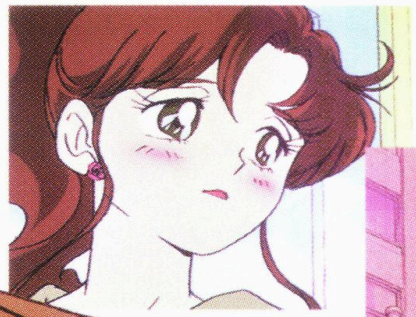


I go to Crossroads Jr. High, the same school that Serena and Amy attend, but I'm in different classes.

Introducing the Sailor Team

Even though I'm a Sailor Scout, I'm usually just an ordinary Junior High student. Just between us, here's your chance to know the real Lita Kino.

Scout Guide



I'm wearing my rose earrings, which are really my secret weapons.

I'm pretty tall and strong, which sometimes scares people off, but I'm actually a real softie.

This is my uniform from my last school.

I'm the tallest of the Sailor Scouts.

Lita's Days Off

Since I live alone, I really look forward to spending time with Bunny and my other friends. Studying, shopping, or going to Playland together; I love these moments the best. Come on, and I'll show you how I spend my spare time!

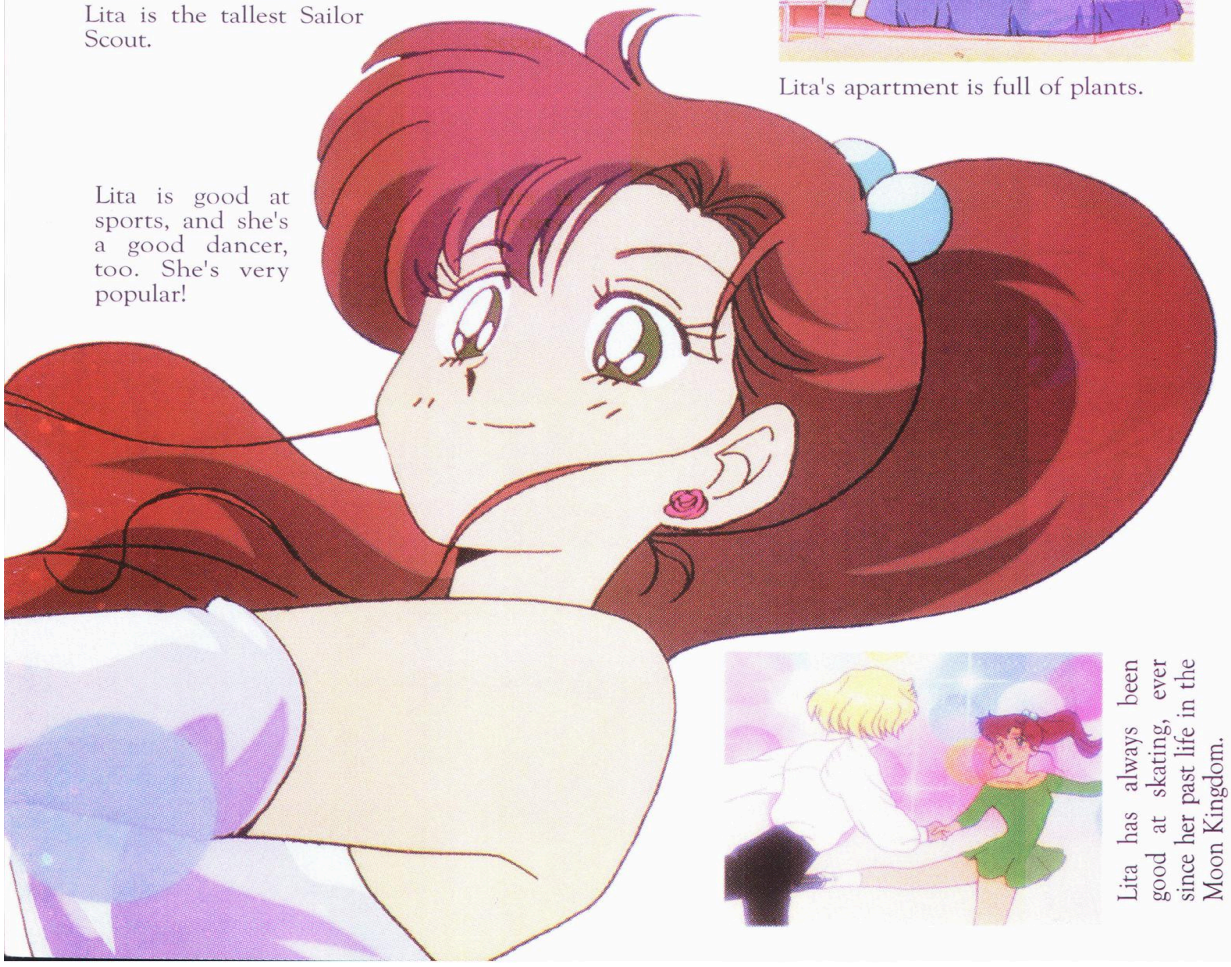
Sometimes, I like to try cooking a challenging new recipe!

Lita is the tallest Sailor Scout.

Here I am practicing in my judo outfit.

Lita's apartment is full of plants.

Lita is good at sports, and she's a good dancer, too. She's very popular!



Lita has always been good at skating, ever since her past life in the Moon Kingdom.

Bunny wishes she had a figure like Lita's.

Lita is a good actress...even when she's wearing a furry suit!

Lita is just like Mina when it comes to dreaming about love. Sometimes they talk about it together.

Lita goes with the rest of the Sailor Scouts on a picnic to see the cherry blossoms. She really appreciates peaceful moments.

Lita really enjoys the great outdoors, especially fishing in the ocean.

At the festival, everyone pitches in to help. Lita's job is to run the goldfish-catching contest.

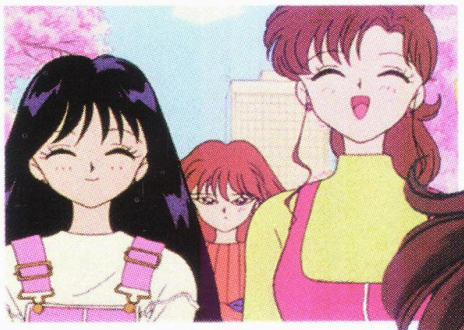
When it comes to affairs of the heart, Lita is surprisingly forward!

Lita's Fashion Scrapbook

Since I'm so active, I like to wear pants. The top is a man's shirt. Serena says that I have a great shape, and everything looks good on me!

Here I'm wearing a dress with a turtleneck top. Am I trying too hard?

Lita also likes to wear dresses. Is it because they're easy to move around in?



Here, I'm wearing a pullover shirt with capri pants. Is it a little too casual?

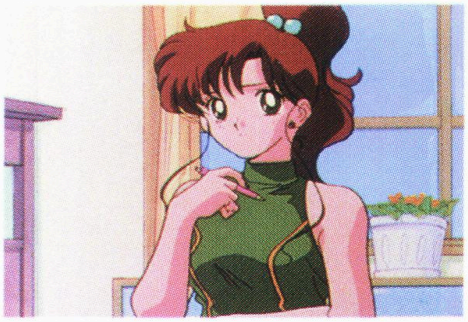
It's quite common to see us in sleeveless tops in the summer.

This designer Italian blouse is coordinated with a leather choker.

This is my designer vest, worn with flared jeans. I spice up the ensemble with a flower print blouse.

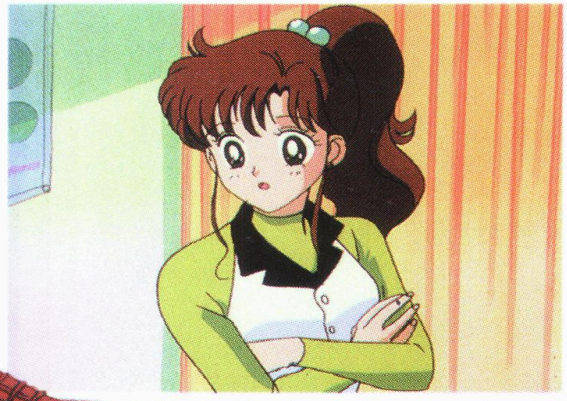
Long skirts are no good when you want to be active.

Sometimes, I like to wear a short skirt.

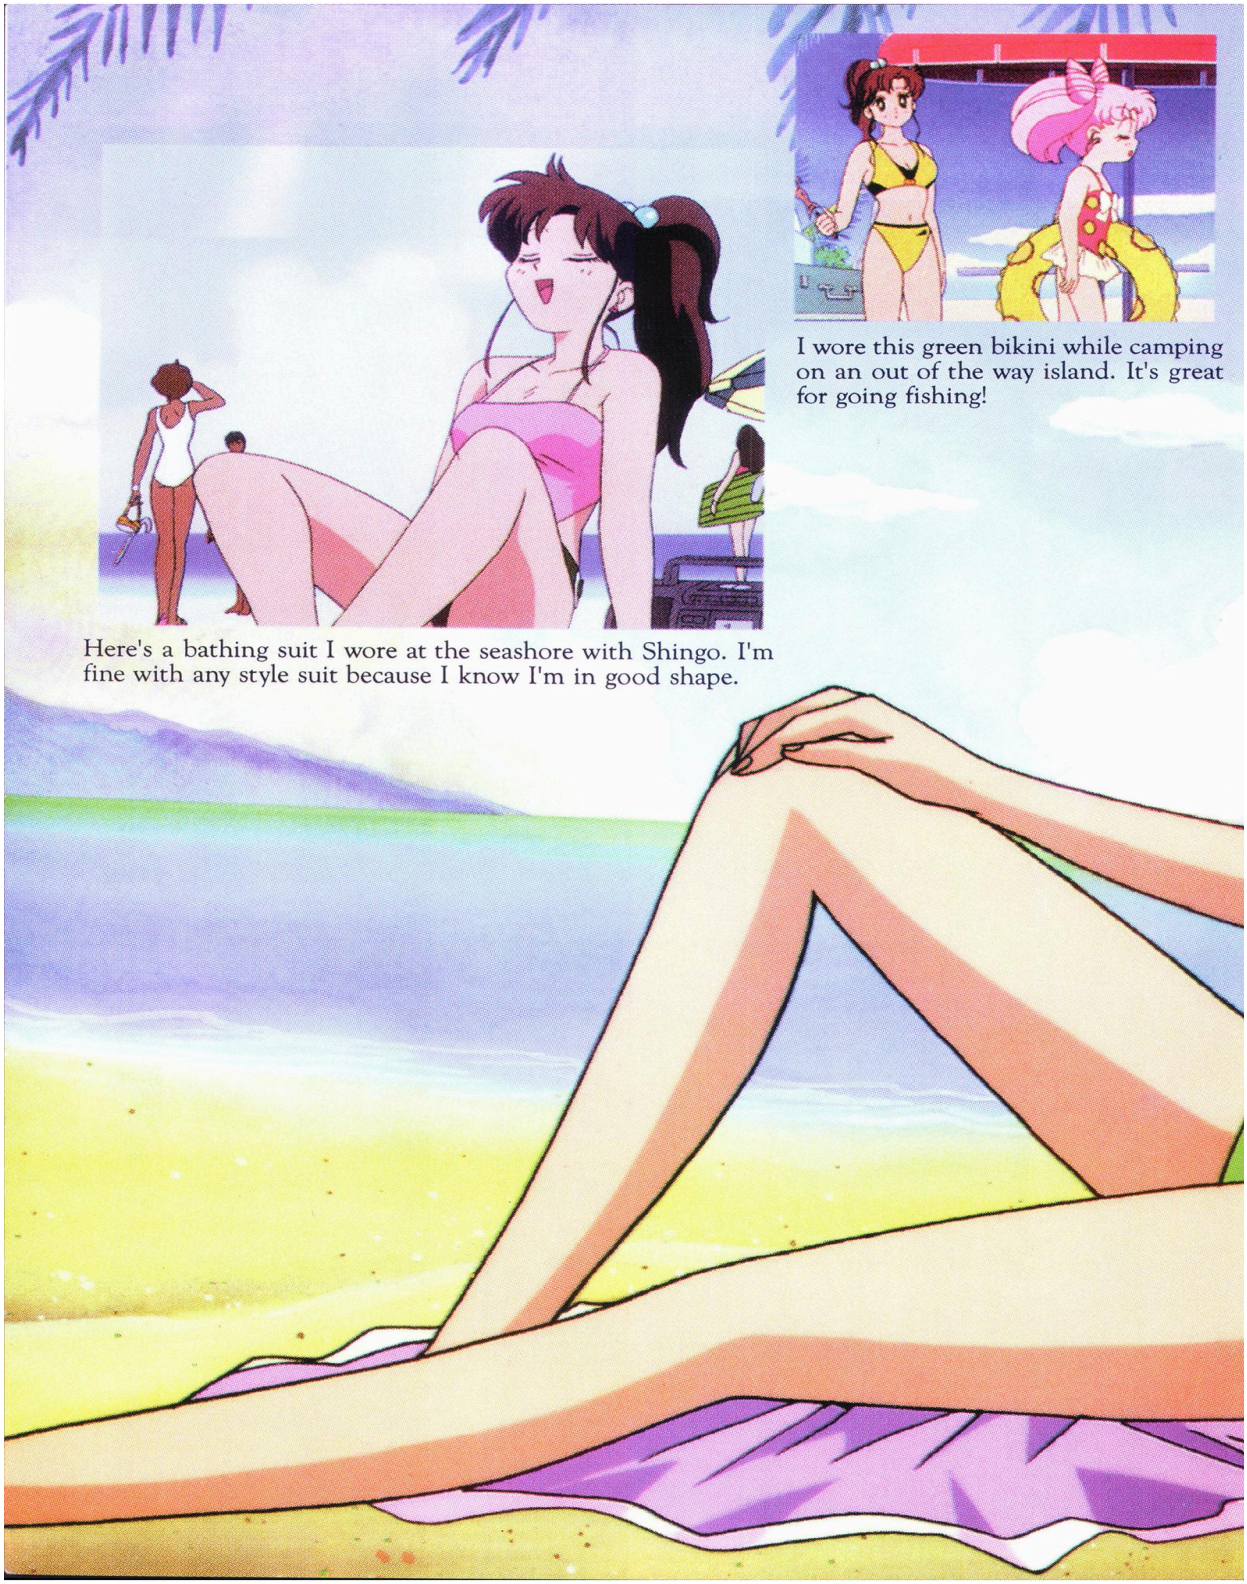


This is my green, sleeveless top. Green is my signature color.

My chartreuse pullover under a jacket. I like men's styles!



I like the sleeveless look even in winter, so I've got a long sleeved t-shirt underneath.



I wore this green bikini while camping on an out of the way island. It's great for going fishing!

Here's a bathing suit I wore at the seashore with Shingo. I'm fine with any style suit because I know I'm in good shape.

Summer has come!
I'm relaxing at
a resort!
Summertime reminds me of the sea. Hotels are OK, but I like to be outdoors. I really enjoy the summer because I love to go camping and stuff. Food tastes so great when we cook outdoors!

I like the high-neck style of this dres

I tend to be a little tomboyish. If I had a boyfriend, would I be a little more feminine?

I look more like a boy in a hat!

I prefer turtlenecks in winter.

(24)

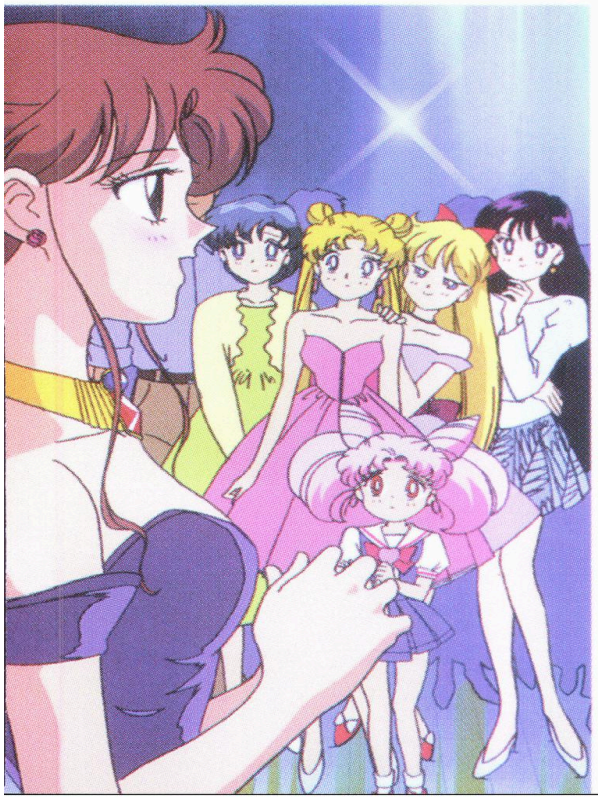
I like this off-the-shoulder neckline because it makes it easy to move your arms.

Since I exercise everyday, the sweatshirt is an essential.

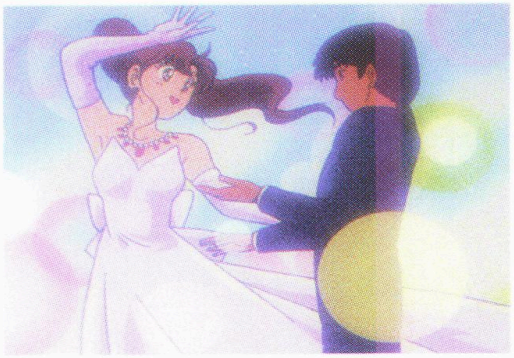
Skating is one of my best talents. Doesn't the outfit look as gorgeous as my skating?

Here's my open-neck shirt over a cowl neck sweater. It's a great outfit for going out in winter.

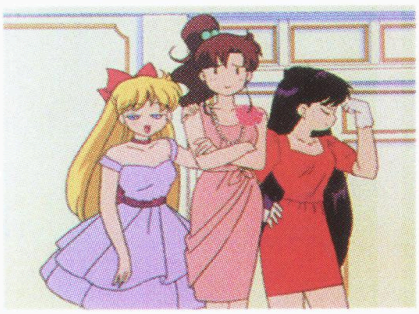
This French turtleneck sweater is great on a cold day.



I wore this to the school ball. Is it a little too sexy?



We all wore the same strapless gown at the Princess Seminar Ball.



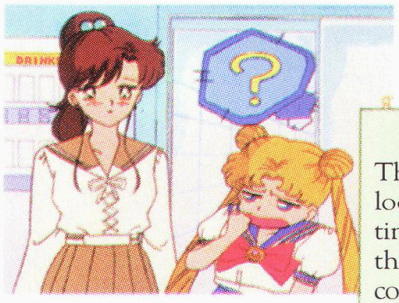
Here's a dress with my trademark rose.

Bunny's Snapshot Collection of Lita

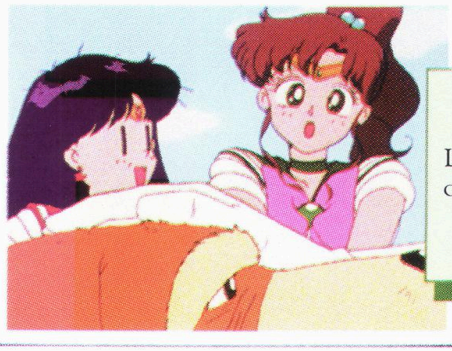
Here's a great collection of Lita's most classic moments, both good and bad!

Scout Guide

Clear-headed Amy is speechless as Lita goes on and on about her love life!

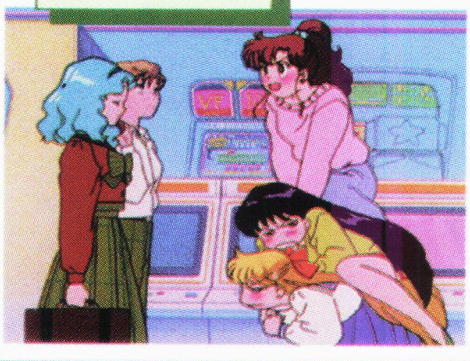


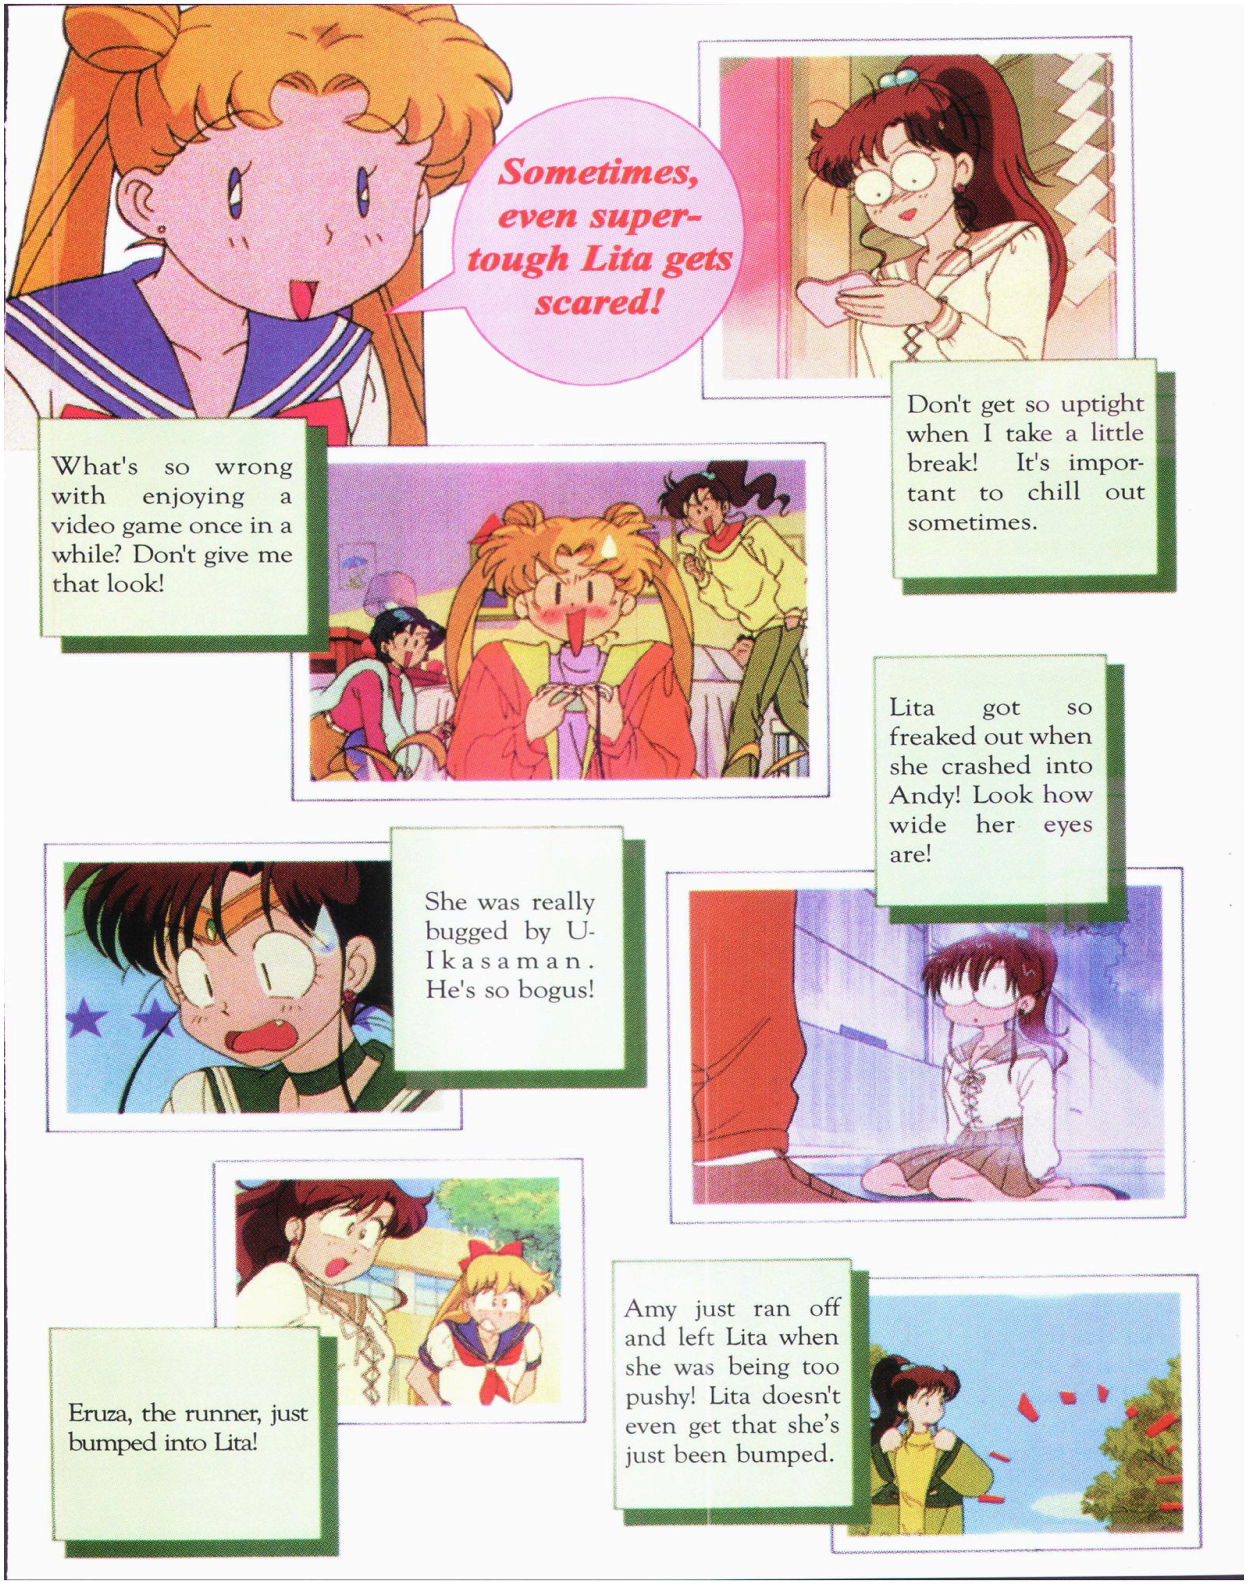
This is how Lita looked the first time we met. I thought she'd be a cool person, but...



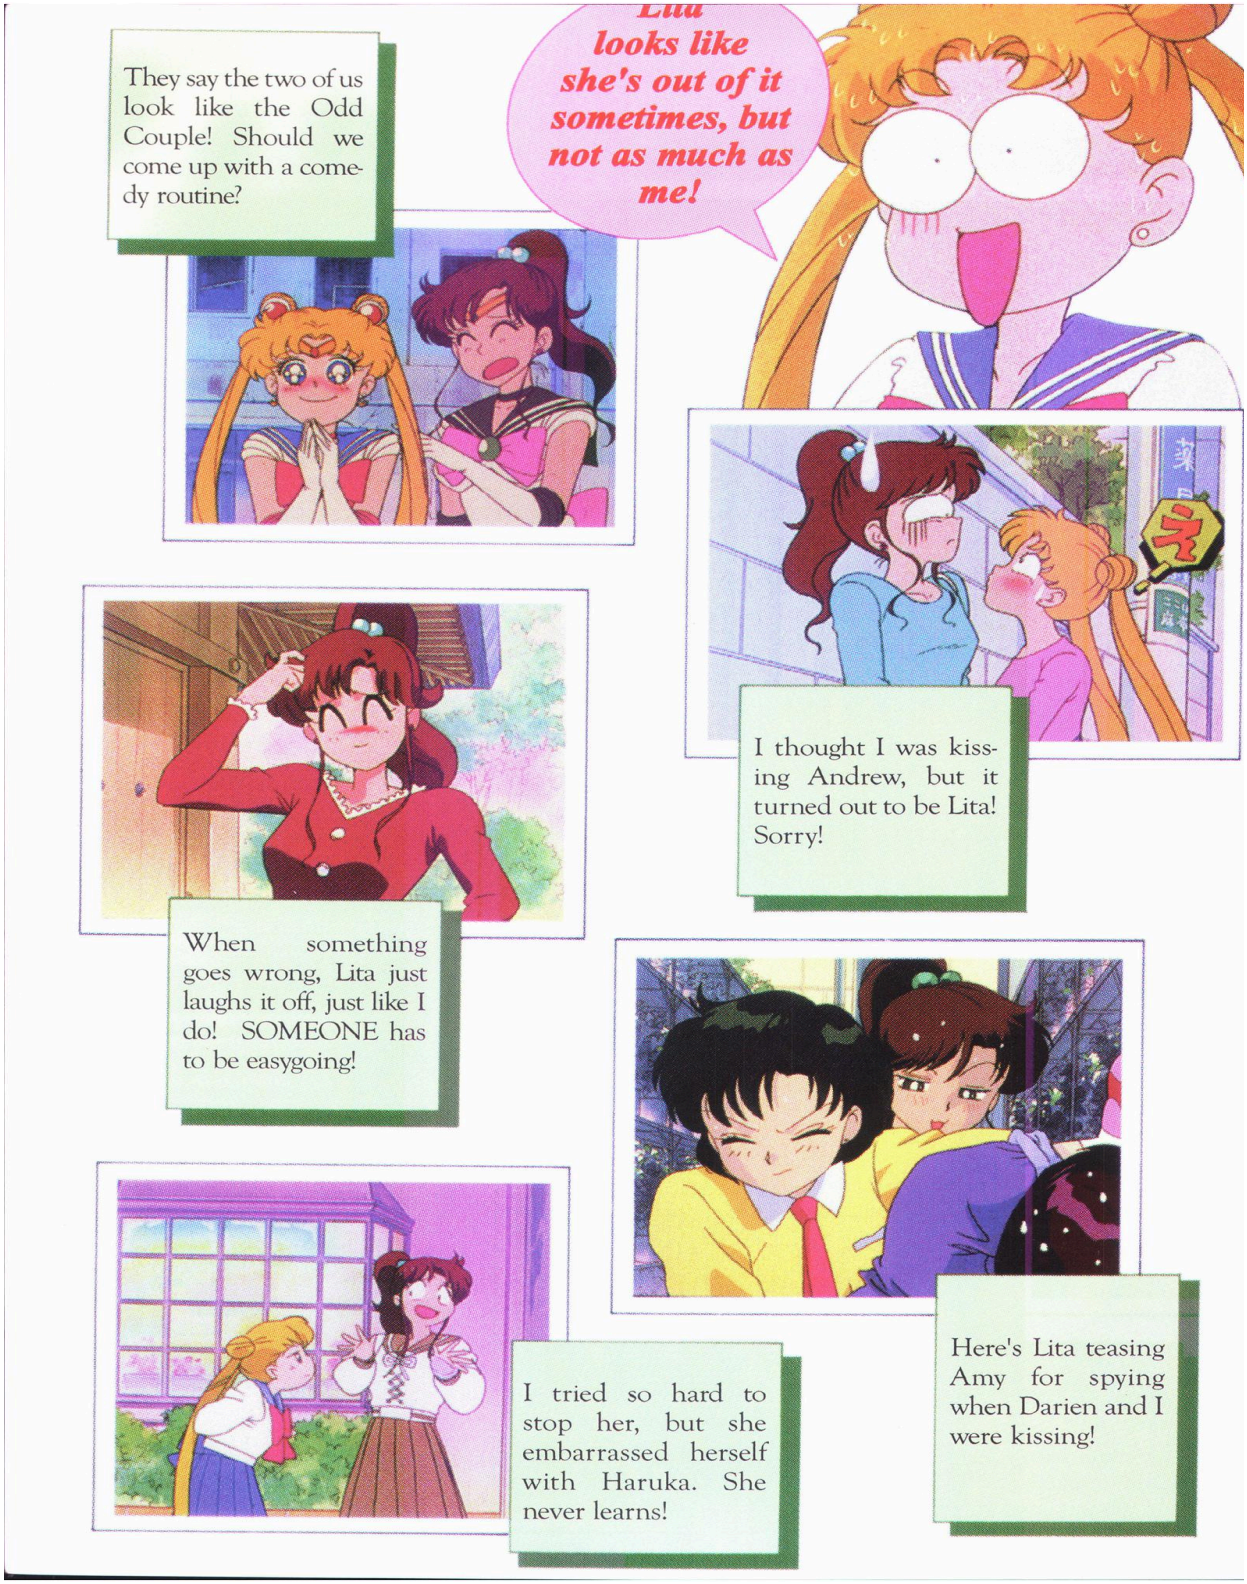
Lita really looks out of it.

Lita was flustered when she saw Haruka the first time. Relax, Haruka's a GIRL!





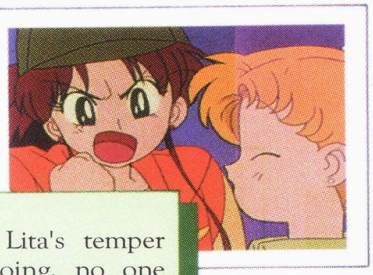
Sometimes, even super-tough Lita gets scared!
What's so wrong with enjoying a video game once in a while? Don't give me that look!
Don't get so uptight when I take a little break! It's important to chill out sometimes.
Lita got so freaked out when she crashed into Andy! Look how wide her eyes are!
She was really bugged by U-Ikasaman. He's so bogus!
Eruza, the runner, just bumped into Lita!
Amy just ran off and left Lita when she was being too pushy! Lita doesn't even get that she's just been bumped.



They say the two of us look like the Odd Couple! Should we come up with a comedy routine?
Lita looks like she's out of it sometimes, but not as much as me!
I thought I was kissing Andrew, but it turned out to be Lita! Sorry!
When something goes wrong, Lita just laughs it off, just like I do! SOMEONE has to be easygoing!
Here's Lita teasing Amy for spying when Darien and I were kissing!
I tried so hard to stop her, but she embarrassed herself with Haruka. She never learns!

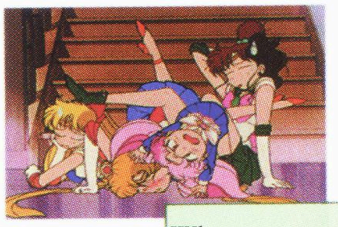
One time, Lita won a lottery while Mina was feeling low. That almost caused a problem.

Lita looks disappointed when she loses a game. She's not as good at video games as I am.



Once Lita's temper gets going, no one can stop her! She's really dependable, though.

Sailor Jupiter and I were no help when we tried to steady Sailor Mercury.



When we were sent from one dimension to another, we were all knocked out. This little pile up wouldn't have mattered too much if Sailor Jupiter wasn't so HEAVY!

Lita usually looks innocent when she does something wrong!

When we were investigating the Institute, we ran right into a security guard. That was a real shock!

My Favorite Episodes: Focus on Sailor Jupiter!

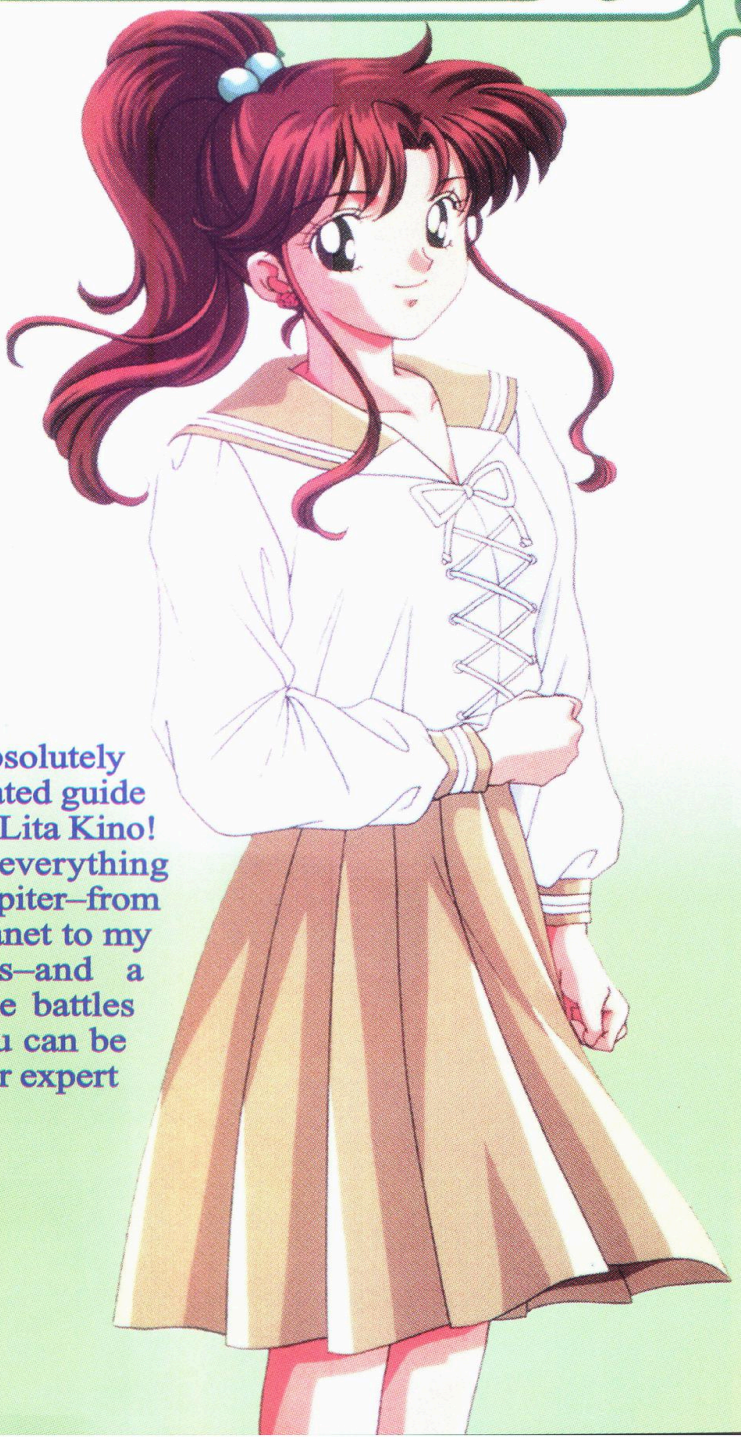
How did you like Sailor Jupiter's best stories? Here are some more episodes that feature me!

Do you remember episode 26, when Sailor Moon and I fought that monster together? Even though I had just joined the Sailor Team, I was very impressed with Serena's skill. In episode 39, I think I proved my natural skating genius! It came to me so naturally, since I was so good at it in my past life during the Silver Millennium. It's so embarrassing to remember how I was fooled when I was skating with Misha; he seemed so cool!

In episode 56, we planned to perform a play: "Snow White." Everyone was comparing their figures. It was so embarrassing!

In episode 65, Mina and I had a fight about romance. In that story, I used my Sparkling Wide Pressure attack for the first time! There are so many great episodes, but that's all for now. You can always see them on video!

Sailor Jupiter Encyclopedia



Here's your absolutely complete illustrated guide to the secrets of Lita Kino! You can see everything about Sailor Jupiter–from my guardian planet to my list of friends–and a record of all the battles I've been in. You can be the Sailor Jupiter expert of your class!

Secrets of the Guardian Planet

Sailor Jupiter's guardian planet is... Jupiter, of course! My guardian planet gives me my power.

Sailor Jupiter Encyclopedia

Moon Princess Kimiko -- Fortune Teller

Jupiter the planet

Jupiter is the largest planet in the Solar System. In fact, it's so big it's not surprising to learn that Jupiter could have become a star.

In Roman mythology, Jupiter was the king of the gods. Although he had a wife, Hela, Jupiter would often fall for other goddesses. This explains why Jupiter appears to have had so many children. Even though his wife was angered by his flirtations, Jupiter was well loved because he was so charming.

Jupiter was also the god of thunder, and guardian of the constellation Sagittarius. In astrology, those born under the sign Sagittarius are supposed to share Jupiter's curiosity, liveliness and strength.

As the planet Jupiter moves through the zodiac, its position supposedly indicates good luck and good fortune for those born under the corresponding sign.

Let's see, Jupiter is the biggest planet in the solar system, and I'm the tallest Sailor Scout!

Personality

I might be a little weird, but I'm very friendly. My personality is typical of people born under the astrological sign Sagittarius. Sagittarians are open-minded and funny. A great combo! I'm very outgoing. The down side to my personality is that I might seem too offbeat. However, as long as they follow the rules of society, Sagittarians are very well liked. We have a keen sense of fashion, and are quite successful in the field of art. We can be a little too careless about financial matters, or punctuality. We'd better return the things we borrow before we forget!

Love

Supposedly, falling in love at first sight is characteristic for a Sagittarius; it's proof that we're not rational–we're emotional. It's typical for this sign to move on instinct. Sagittarians are aggressive; they will immediately find out a favorite person's phone number, or ask for a date. They don't hold back, and just keep moving ahead! Their approach to romance is like thunder! On the other hand, Sagittarians are not so patient, and give up easily. They're easily turned off by slight character flaws. Sagittarians have to watch their behavior, because they can come off as fickle if they just follow their instincts. However, they have the advantage of being liked by good looking, smart people! Supposedly, people with this sign will marry early, and successfully.

50 Secrets of Sailor Jupiter

I can tell you how to make a yummy lunch... and I can explain everything else about me!

Sailor Jupiter Encyclopedia

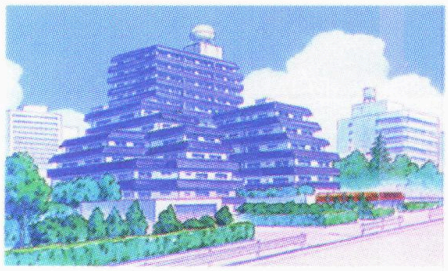
Birthday?

December 5th. Just days after my birthday, I start getting ready for Christmas. My astrological sign is Sagittarius, and my birth stone is turquoise.

I've heard that a lot of people who make animation are born in December.

Where do I live?

I live in Azabu Juban, which is a very busy part of Tokyo, Japan. Serena and Amy are my neighbors, of course!



The place where I live has hardwood floors. I have lots of house plants.

Height and Weight?

How tall are you, and how much do you weigh!? Um...I 'd rather you didn't ask me about my height. I'm self-conscious about being too tall.

I'm proud of my figure, though!

Blood type?

Type O blood can be transfused to people with any blood type.

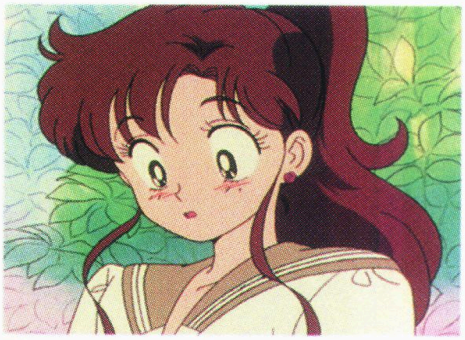
Type O, which means I'm open–minded and active. I'm afraid that it's the same as Serena's blood type! What's yours?

Another thing that Serena and I have in common is that we're both serious competitors when it comes to romance.

Any bad habits?

Sometimes I'm too shy to speak out in front of people. Especially if it's a handsome guy. I guess I get nervous because I'm trying to look more feminine.

Often, I'll be too blunt when I get excited. I can be really pushy!



Of course I get mad at times like everyone else, but I wouldn't call it a bad habit!

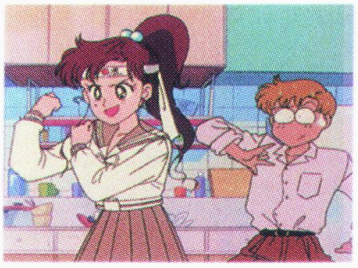
What about your family?

My parents died in a plane crash, so I'm all alone. Don't think it's all bad, because I have lots of freedom.

However, when I get sick, it's hard.

Dream for the future?

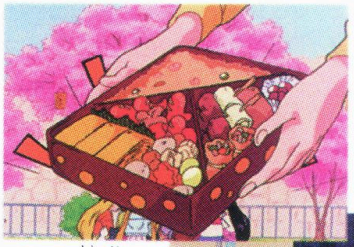
I want to be a florist because I love plants. I also want to be a bride sometime soon.



I'd be one tough wife!

Any hobbies?

Cooking, sewing, or anything in Home Economics. I'm good at making cakes and cookies because my mother taught me how to make them, back in happier times.



Here's my special Cherry Blossom lunch. Isn't it gorgeous?

I like to clean, too, but that can't really be called a hobby, right?

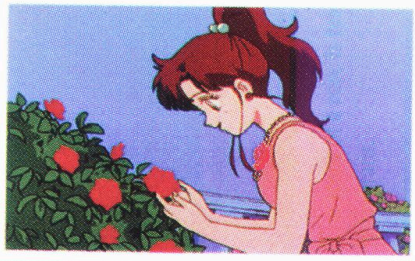
You have to put a lot of love into your cooking.

What about the earrings you always wear?

They're sort of like my trademark. I love plants and flowers, and I especially like roses because they're so classic.

I like things to have special meaning for me, even my earrings.

I can even use them to distract an enemy!

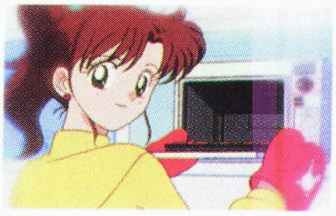


The scent of a rose is really fragrant.

Why are you so good at cooking?

Well, I wasn't born good at cooking! I worked hard to learn how to cook, so that someday I'd be able to serve my boyfriend a tasty meal. If you want to be good at something, it's all up to you.

The homemade cookies are a legacy from my mother.



We've heard that you're good to have around in a fight...

You won't hear that from me. I guess I might be more used to physical conflict than most girls, because I practice kung fu. However, I would NEVER pick on someone smaller.

It's not like I was in a gang or something.

What was your old boyfriend like?

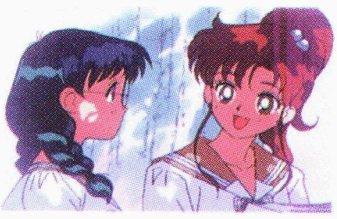
He has the air of Joe the Crane from the Arcade, the voice of Andrew, hair like Misha the skating ace, the nose of that guy over there...

I still miss him sometimes.

Why are your school clothes different from the others'?

Actually, it's the uniform from my last school. You know how tall I am. They couldn't find a uniform in my size at Crossroads, so I got permission to just wear my old one.

Here's my best friend from my old school, Tomoko Takase.



Special Attacks?

All of my special attacks use thunder energy. My special attacks have the most destructive power of all the Sailor Scouts. I have struck the last blow against many a monster with my special attack ability. Moreover, I've added new techniques - like Jupiter Oak Evolution - as well.

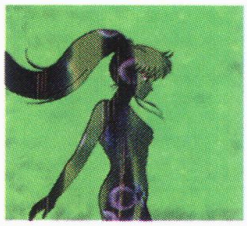
My first attack was Jupiter Thunder Crash.

This is my new special attack, Jupiter Oak Evolution.

Here, I make use of a kung fu move, the spinning back kick!

First Transformation?

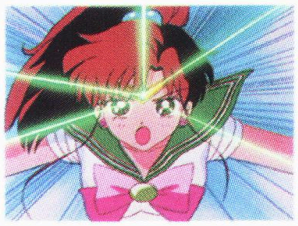
It felt like a shock, like electricity, was running through my body, but it just felt right from the very beginning. My favorite part of the transformation is when I yell out, "JUPITER THUNDER CRASH!"



It feels like the thunder energy is filling my body.

What's the secret behind Jupiter's Star Power?

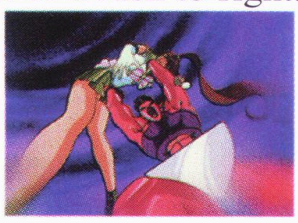
I collect thunder energy with the jewel in my tiara, and then use it to back up Sailor Moon. But to do that, the spirits of all five people in the Sailor Team must become one.



When I invoke Jupiter Star Power, the jewel glows.

What was your most painful battle?

It was a real shock when I was beaten by Aiandaa in a terrible battle. As strange as it may seem, at the time, I was in too much of a rush to fight.



I can't rely on my strength alone.

Who would you say was your most formidable enemy?

Well, she isn't an enemy anymore, but as you might have expected, Sailor Uranus was strong. I had confidence in my hand-to-hand fighting ability, but when it came to Haruka, that fight was an even match!

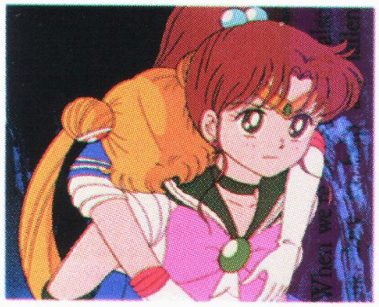
We had some huge battles over Jinta Araki.

What's your role within the Sailor Team?

I guess I'm in charge of making a preemptive strike when we have to fight. I'm the "commanding officer of attacks." There are also times when I act as a bodyguard for normal citizens. And also for Sailor Mercury, who has a weak attack power.

Stand back, everybody!

Sometimes it's my job to figure out what moves an enemy will use.



When we're in battle, it's also my duty to help any fallen friends.

How do your communicators work?

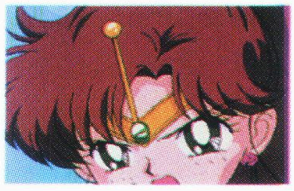
They're our secret. We use them for making contact with everyone in an emergency. So, if it's not an emergency, we have to get by using the phone.

This is our new wristwatch-shaped communicator.

In the past, the communicators resembled calculators.

What does the antenna in your tiara do?

Well, it's not really an antenna. It's called a lightning rod, and it has a metal ball to help lightning strike it easily. The lightning rod collects the power of lightning and lets me release it as an attack.



My tiara is special.

What's the connection to your guardian planet, Jupiter?

Well, Jupiter is also referred to in Greek Mythology as the powerful god Zeus. It is said that Jupiter had the troublesome habit of falling in love at first sight, without consideration for anyone. Perhaps I might have some similar problems, too.

I thought that Alan might be the Moonlight Knight.

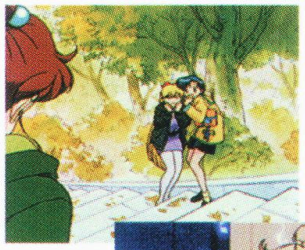
This time, it's Haruka; it was real trouble that time!

It's love at first sight with Misha the skater.

Sailor Jupiter's Weakness?

I don't like to admit it, but, as you might have guessed, I get upset easily. I act right away, without even thinking. I have to learn to calm down.

That time I was rash, in spite of myself.



Have I been that violent lately? Do I seem dangerous?

When I use my special attacks, I have to think more about my timing.

Silver Millennium?

Together with the rest of the Sailor Team, I protected the peace of the kingdom. Ever since that era, Sailor Jupiter has been a master of ice-skating.

Was I more feminine then than I am now?

This was our battle with the Dark Kingdom.

Crystal Tokyo?

In Crystal Tokyo, I was living at peace with Neo-Queen Serenity and little Rini. We call her Little Lady there. Crystal Tokyo is where the Dark Moon came when they attacked.

Of course, I fought along with the other Scouts.

Sailor Scout difficulties?

I haven't thought about that too much. I guess it's been a bit hard on me not having time to date. Say, do you know anyone nice?

It looks like Mina has the same problem, too!

Sailor Scout Advantages?

The best thing is that I've made many friends. I love when I cook a great meal that I'm proud of, and they all eat it and say it's delicious.

I also like to teach others how to cook.

What if you had been born a boy instead of a girl?

Since I'm so hot-tempered, I'd probably do nothing but get into fights everyday! Maybe my love of cooking wouldn't change, though.

Even if it's a person I get along with, there is often a conflict!

As you might have noticed, when people start gossiping about me, I get offended!

When I was hanging around with Alan, I had a face off with his little sister, Ann.

What if you were the last Sailor Scout, and had to fight alone?

I'd fight to the very end as a Sailor Scout. I think the rest of the team feels the same way, too.

Even if we're by ourselves, our spirits are always together.

What if you hadn't been a Sailor Scout?

I think I would have learned to be more refined and feminine. I'm still not discouraged about my chances for that, even though I'm so tall!

I'd also like to be more stylish, like Haruka.

If I had $10,000?

I might just buy some exercise equipment for my room, or maybe some lovely pots, pans and plates to cook with.

Maybe I could buy my own punching machine!

What were you like before you met Bunny?

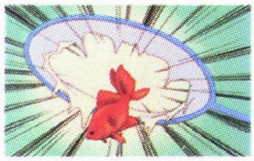
People thought I was a bully, like I was in a gang or something. They were afraid of me, and wouldn't even come near me. Because of that, I was always alone.

You know, you shouldn't judge people by the way they look!

What kind of pet would you like to have?

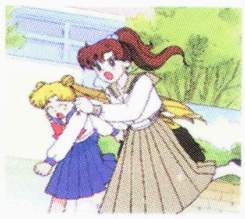
Well, a tropical fish would be nice. I like dogs and cats, too, but since I live by myself, I probably wouldn't really be able to take care of one.

A goldfish? I might be able to handle that.



Wanna be better than Bunny at...?

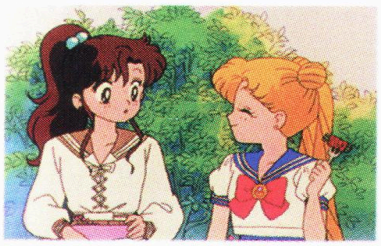
I'd rather not be as good at being tardy and failing tests as Serena! I want to make a real effort not to be worse than Serena.



When it comes to the "first bell dash," I can't lose!

How did you meet Bunny?

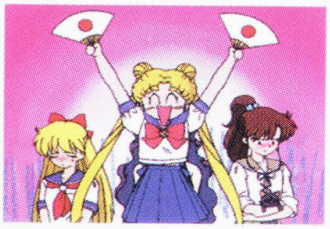
The first time I met her, I saved her from a fight with a bunch of thugs. At school, Serena was the only one willing to talk to me.



It was pretty typical of her that she was after my lunch at the time, too.

Serena should stop...?

Seeing that we're girls, I wish she'd keep a lid on her bad manners. I guess that's just how she is.



It's just that, even with our gang, it's embarrassing.

Is there anything she's better at than you?

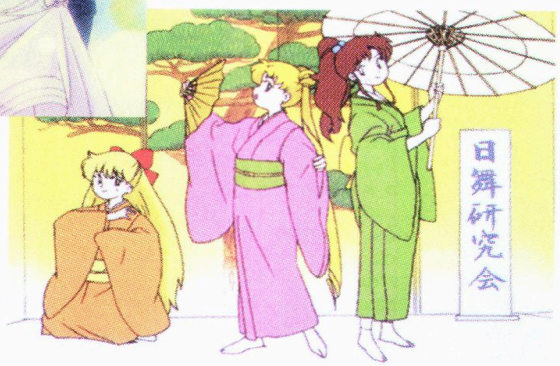
She's very earnest, and is positively devoted to her friends. Those are probably her most wonderful qualities. I really have to respect her for that.

That's Bunny, always trying her best.

My motto?

I enjoy wearing traditional Japanese clothes, too. After all, I don't want to forget the spirit of the Japanese woman.

Always do everything with grace. Someday, I want to be like a big rose in bloom.



A peony root when standing, a tree peony when sitting, a lily when walking. In other words, that means, at all times, I want to dance and sway beautifully, like a pretty flower. You understand, don't you?

Sailor Jupiter's Greatest Lines

A big collection of all the cool things I've said. My strong feelings come out in everything I say.

Sailor Jupiter Encyclopedia

I'm gonna make you so sorry you won't be able to feel anything else!

I haven't had a chance to use it much, but that's Sailor Jupiter's battle cry. I used it when I fought the monster Siplin Petitrol at Haruka's college. When you hear me say that, the Hurricane of Justice is about to hit you! Just kidding!

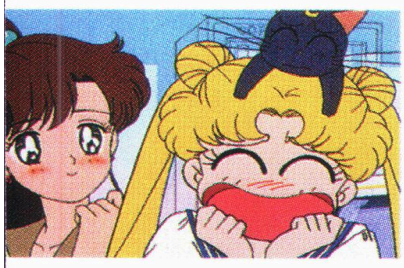
Aren't my one-liners cool? See if you can remember all of them.

He looks just like my old boyfriend!

I seem to be saying that a lot. I loved my old boyfriend so much.

There's nothing wrong with having a girlfriend. Even if there's nothing you can do, go for it!

Maybe he'll turn out to be even more than just a boyfriend.



It shook me when I found out that Andy already had a girlfriend, but I thought that it was better to go for it anyway, rather than mope about it.

Why shouldn't you date a boy you like? Even a defender of justice has the right to fall in love!

That's what I told Amy when she was holding back from romance. It's important to do your duty, but finding love is just as important to your life.

Shinozaki always looks after me. He's more like a close friend than a boyfriend.

You've got some nerve, trying to use a bolt of electricity on me. You better say your prayers!

I was really burned up during the fight at the North Pole. I really thought those might be my last words. But I had no regrets, because I had protected Serena.

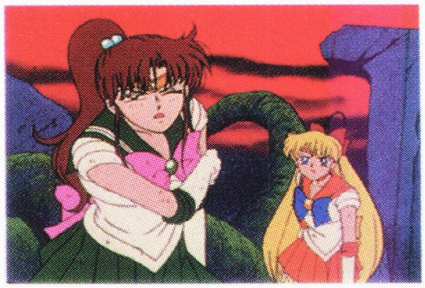
It's the power I was born to use: Jupiter Thunder Power!

The Dark Forces attacked once when we were putting on a play, so our remarks were kind of stagy.

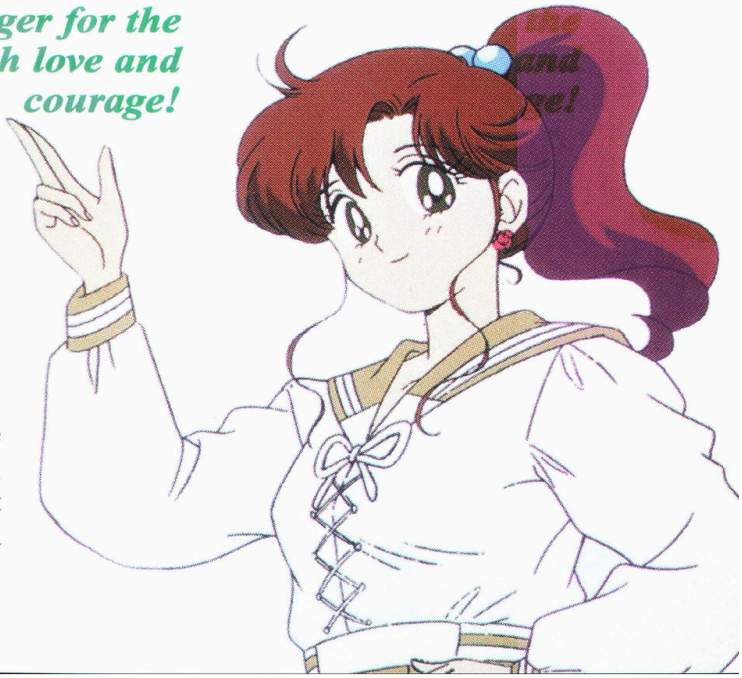
It's sad to say that Love must be won. I think that there is more to love.

Alan may look handsome, but it turns out that he doesn't understand what love is. It made me feel sad.

We will face any danger for the ones we care for, with love and courage!



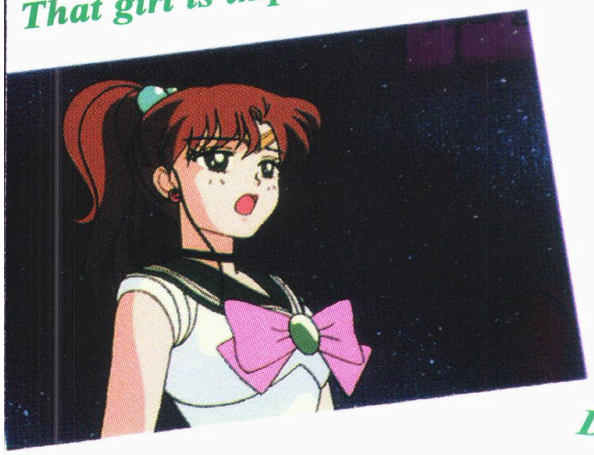
We always fight in the name of love! Finally, in the end, Alan and Ann realized what true love really is. Have a happy life together, you two.



Love gives you courage that's stronger than anything!

This is the reason Prizma hates the idea of love–a broken heart. I may have been dumped by my old boyfriend, but I still think that love is wonderful.

That girl is important to us!



When I saw Fiore making Sailor Moon suffer, I knew I couldn't live without her friendship.

Don't you think that if you believe in something, it can give you strength?

Serena was down after Darien dumped her. I know what it's like to have a broken heart, so I wanted to cheer Serena up. That's right from the script! I'm still glad you got back together with Darien, Serena!

I believe in her, and I'll fight alongside the others!

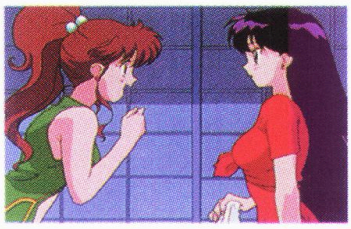
One thing I learned from what Kakusui said to me was the importance of working together and trusting your friends.

Lita's Friends

Let me introduce ALL my friends! I know a lot of people, including the Sailor Scouts, of course!

Sailor Jupiter Encyclopedia

The Sailor Scouts



Lita tries to cheer up Raye when she's troubled.

Amy Anderson is the girl genius who transforms into Sailor Mercury. Raye Hino, a.k.a. Sailor Mars, is a priestess in everyday life. Sailor Venus, or Mina Aino, is lots of fun to be with.

Ann Granger

Ann is an alien!

She was supposedly Alan's sister, and she and I didn't get along at all.

Alan Granger

Alan is actually an alien named Eire.

At first I thought he was a really cute guy, but he turned out to be an alien.

Shinozaki

Shinozaki is a very nice guy who cares for me.

He's an old friend of mine. Even though he's not my boyfriend, he's still important to me.

Elza Gray

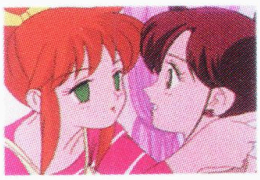
Elza is a famous high school athlete.

I went to her school to check it out. Elza and Haruka were rivals.

Kakusui Yakushiji

Kakusui is kind of clumsy, but he's very deep. He's a priest who has studied for many years.

Andrew's sister



She was once a victim of the Dark Forces.

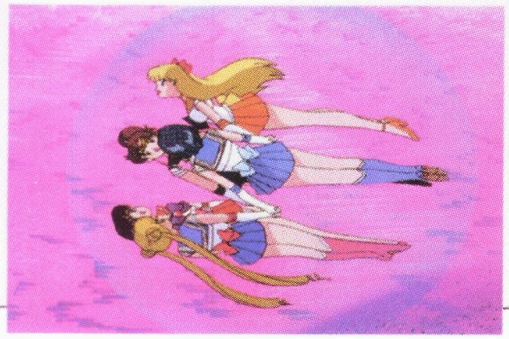
Sailor Planet Attack

The Sailor Team Combined Attacks

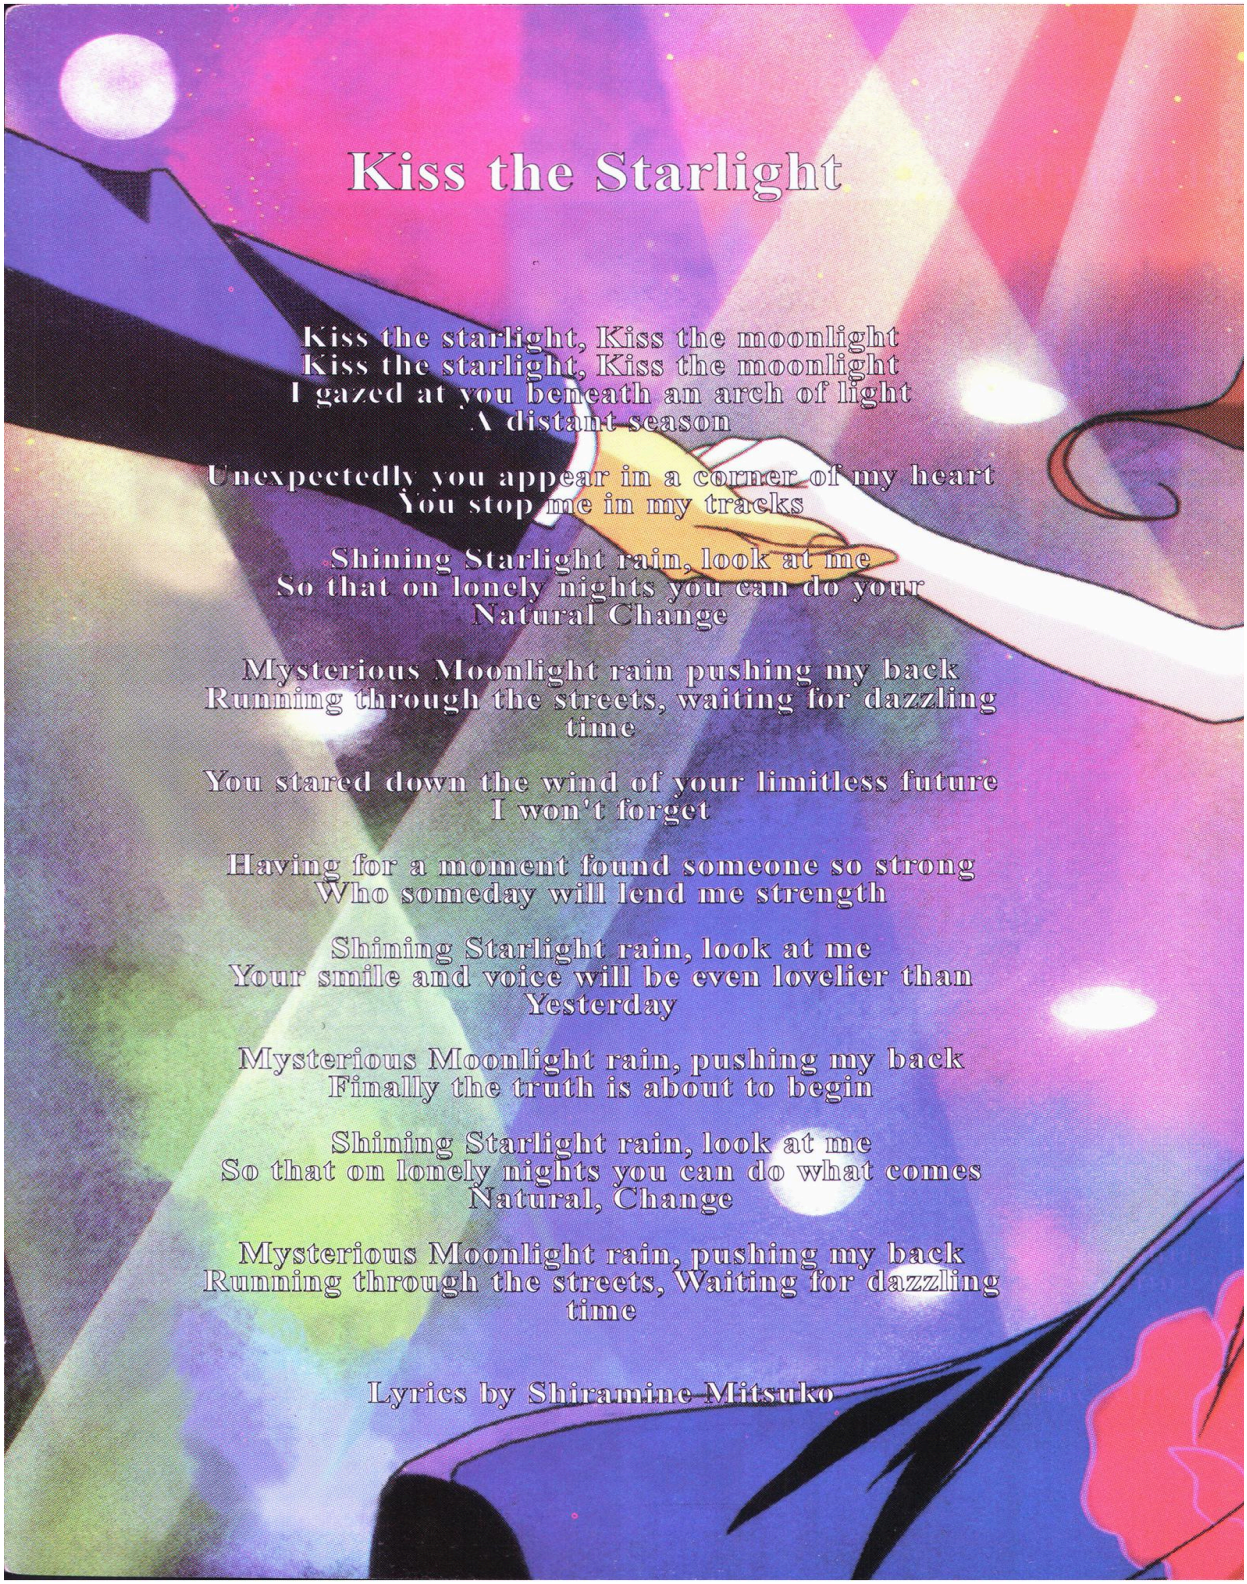
We unleash this special attack by combining our powers! I think the first time we used the Sailor Planet Power attack was when we fought Prizma and Avery; they're two of the four evil sisters. Sailor Planet Power is the most powerful of our combined attacks. It is a flying attack, where we merge our power and attack with our bodies. We used it when we defeated Kanbanyura, the flower monster.

The most basic kind of attack. We were able to win against the Ryuaxe droid's space/time powers with this attack.

The Full Frontal Blast attack. We used it in the fight against Kaolinite.



The Sailor Team forms a ring around Super Sailor Moon.



Kiss the Starlight

Kiss the starlight, Kiss the moonlight
Kiss the starlight, Kiss the moonlight
I gazed at you beneath an arch of light
A distant season

Unexpectedly you appear in a corner of my heart
You stop me in my tracks

Shining Starlight rain, look at me
So that on lonely nights you can do your
Natural Change

Mysterious Moonlight rain pushing my back
Running through the streets, waiting for dazzling
time

You stared down the wind of your limitless future
I won't forget

Having for a moment found someone so strong
Who someday will lend me strength

Shining Starlight rain, look at me
Your smile and voice will be even lovelier than
Yesterday

Mysterious Moonlight rain, pushing my back
Finally the truth is about to begin

Shining Starlight rain, look at me
So that on lonely nights you can do what comes
Natural, Change

Mysterious Moonlight rain, pushing my back
Running through the streets, Waiting for dazzling
time

Don't fall in love just to forget

On the newly-cleaned table
I put a flower
Distorted time
Little by little, is starting to come loose

In one corner of my room, a half-read book
A card never sent
I couldn't see those days
When I was deeply in love

I can finally say goodbye to you

On lonely nights, nights when I want to cry
I'm all alone

Falling in love just to forget about you
Is something I couldn't do

It's alright if there are times
I'm feeling sad and I just can't go on
By the window the leaves
Sway, as if nodding

I can still smile, more like always

On rainy mornings on windy mornings
I'm me

Until I can love somebody the way
I loved you

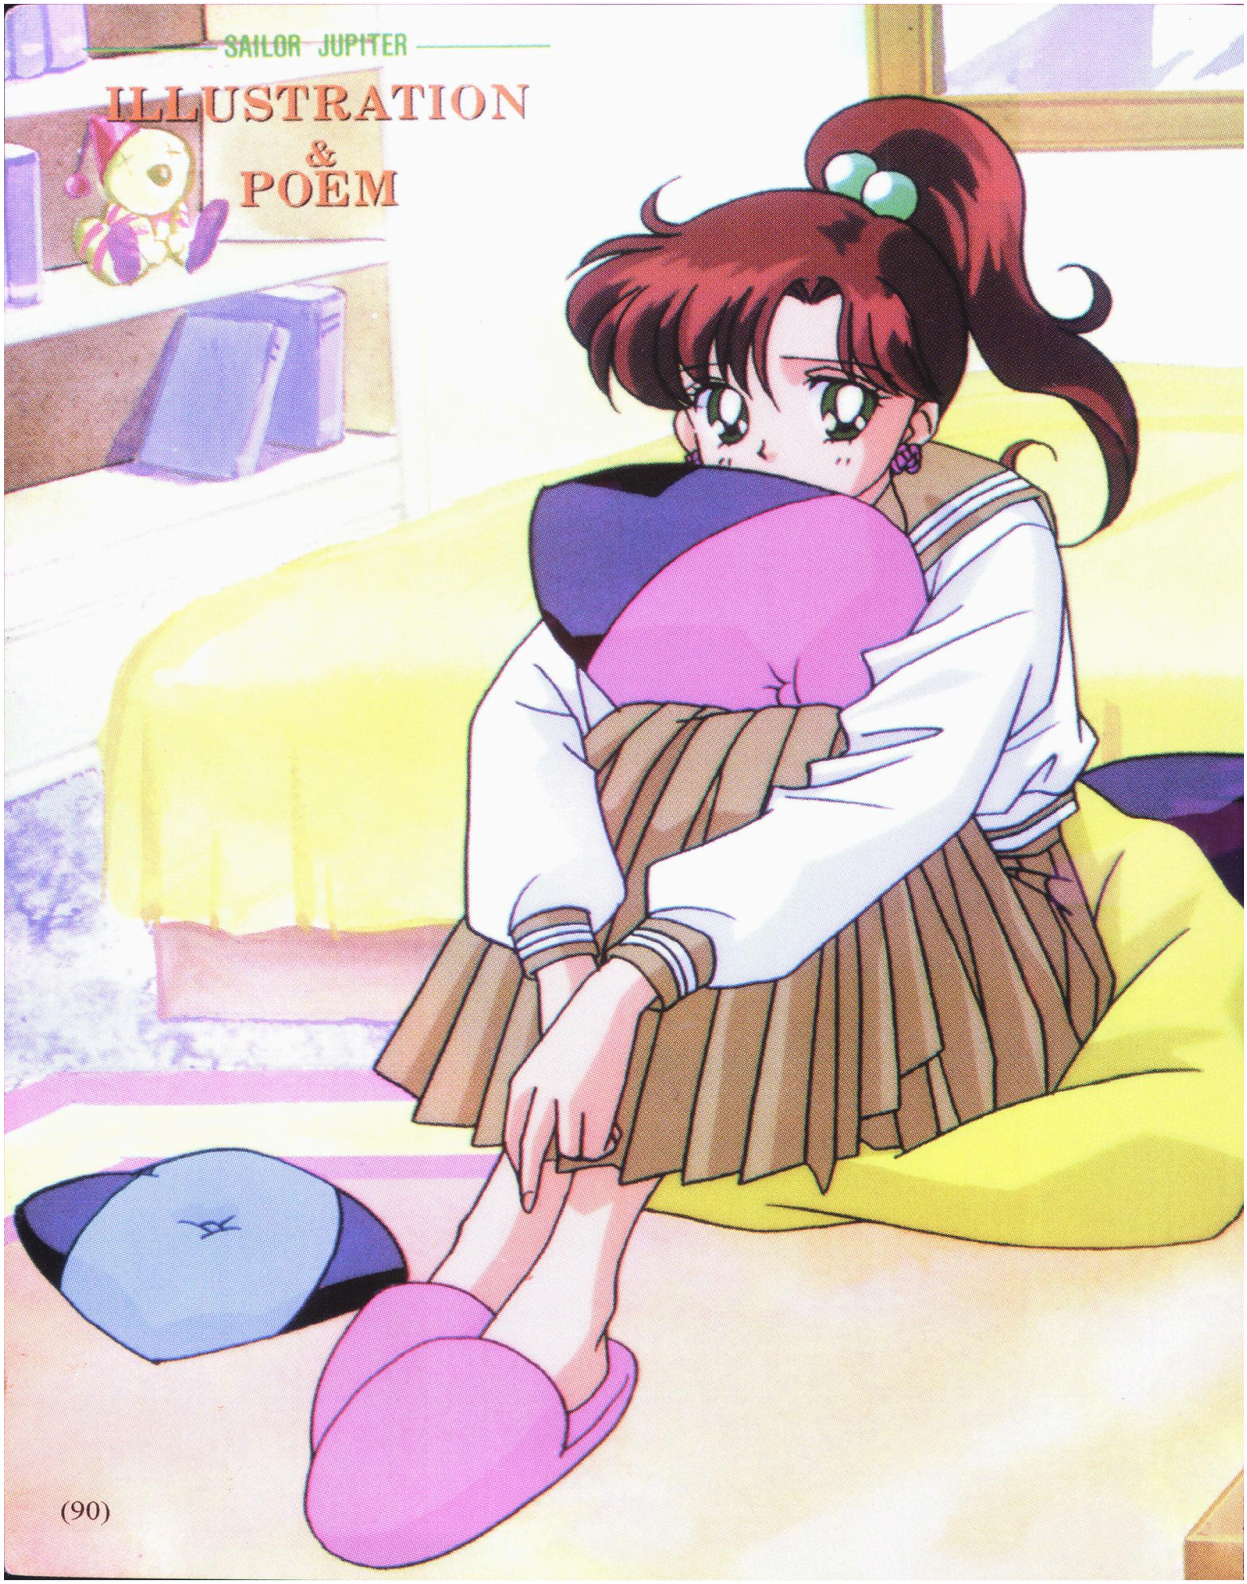
On lonely nights, Nights when I want to cry
I'm all alone

Falling in love just to forget about you
Is something I couldn't do

Lyrics: Shiramine Mitsuko

SAILOR JUPITER

ILLUSTRATION & POEM



The dappled shade falls like rain between the trees. The streets and the people are like the last days of Autumn.

My much-loved green trees disappear, and, after a while, as I watch the street, snow begins to fall.

Feeling the flakes of snow on my body chills me to the core. White sadness decorates the streets. I long to see the boy who left me.

"Lita Kino is too much of a tomboy. Can't she act a little more like a lady?"

Saying that, he left me with a smile. It's just the way I talk; I'm not really like that, I tried to say. But he covered his ears, and didn't even hear me say goodbye.

Please, I want us to talk tonight. I want to tell you how I feel.

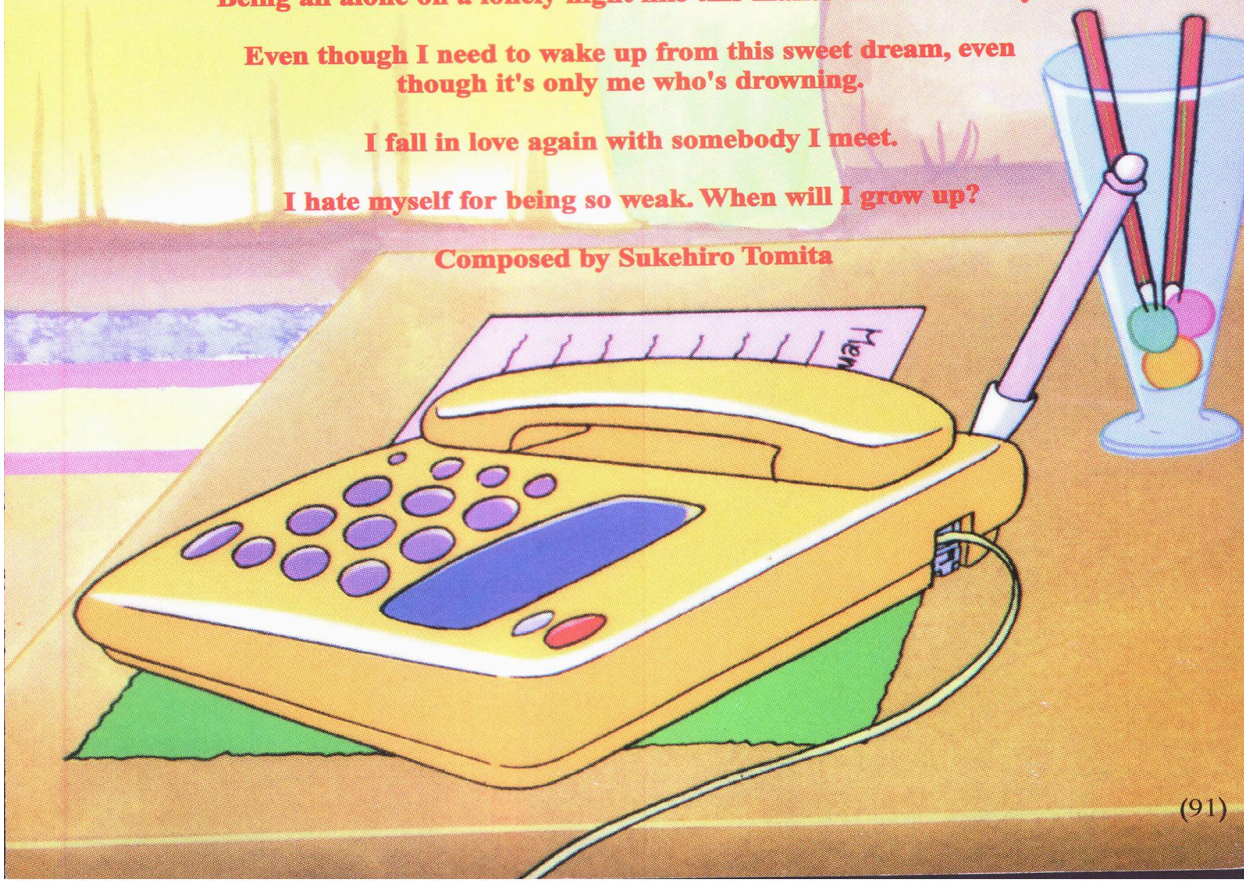
Being all alone on a lonely night like this makes me want to cry.

Even though I need to wake up from this sweet dream, even though it's only me who's drowning.

I fall in love again with somebody I meet.

I hate myself for being so weak. When will I grow up?

Composed by Sukehiro Tomita



It's not your fault

My memories still glitter
In the twilight streets
Yes, your memory flickers alive
Every time I meet someone
who resembles you

However many times I think I'm in love
It never works out...

I'm sorry, it's not your fault
It's the rain's fault
There are as many to love as stars
in the sky
But I still love you

Your slightly mischievous gaze
Your soft smile
I know nobody can replace
Gentle you

It's painful like the clouds
Wandering lonely distant skies

I'm sorry, it's not your fault
In time I'll forget
But please stay by my side
In my dreams
